

2011 Tualatin Youth Basketball Highlights

WRITTEN BY: **MARY DERNEDDE**

Tualatin Youth Basketball Association (TYBA) achieved great success over the last year. First, we have a fantastic group of volunteers that serve the community on our TYBA Board of Directors as well as coaches and other volunteers. Our program begins in 3rd grade and goes through 12th grade with recreational basketball for 3rd through 12th girls and boys as well as Classic Basketball for players who want more of a competitive style of play from 5th – 8th grade.

2011 HIGHLIGHTS

- Our High School Recreational Program experienced another fantastic season with 170 players and continues to grow! We offer a formal season with coaches, games, and referees. TYBA Recreational Basketball had another fantastic season with 380 Players and our Classic Program had 130 athletes competing.

- TUHS and TYBA had a very solid partnership providing gym space for the High School kids to play most games where it matters most – Tualatin High School! With our partnership we were able to give back to TUHS with a sponsorship that will be displayed in the main gym – Thank you, Ted Rose and TUHS!

- During the season coaches recognized the difficulty to focus on skills in addition to game preparation. The TYBA Board came up with a solution, the TYBA Skills Development

Academy. We had hundreds of players participate this Summer at TUHS, it was a huge success! We will also offer more skills development throughout the season so look at our website for exciting announcements at www.tualatinbasketball.com.

- Due to our additional low cost programs TYBA has been able to give back to our local schools and offer scholarships to families who otherwise would not be able to afford their kids to play – this is our privilege.

- The City of Tualatin has also been instrumental in supporting our High School Program – without their contribution, the program would not exist. This keeps our kids involved in basketball and thanks to TUHS they have a place to play. We also have a strong partnership with Dick's Sporting Goods and are very thankful for their generous donations to our program. 2010-11 was very solid season – Thanks, to all of our volunteers and to all of you for helping make TYBA, your community basketball program, a huge success in Tualatin!

Please check out our website at www.TualatinBasketball.com and get your kids signed up now. We're also looking for Rec and Classic Coaches so download an application on the website and send to PO Box 803, Tualatin, OR 97062 or e-mail to our VP's – their information is on the website. This summer we launched an exciting new logo as well that ties into the High School's colors and our uniforms are the best they have ever been. Exciting times- join us and let's take this to the next level!

Thanks, again – I hope to see you all out on the courts this season!

Mike Livermore
President
Tualatin Youth Basketball Association
