

# Red Robin Opening in Nyberg Rivers This Week

Red Robin is set to Open This Week in the Nyberg Rivers Shopping Center, near Cabela's. While many have voiced concerns about the proximity of other Red Robin locations, a CenterCal (Property Manager) representative told me that since Cabela's is a destination draw, and people travel from far and wide to go there, that location is ideal for those shoppers who might not know the area as well and want to dine there before or after shopping. I get the feeling that many locals will enjoy it as well.

An even greater amount of attention seems to be over the Cracker Barrel that will be opening just a few yards away from the new Red Robin. In the photos you'll see the gravel lot designated for the Cracker Barrel location. Their opening date isn't clear, but I'll keep you posted when I learn more.
